Acorn Quilt & Gift Company

"My love of working (playing really) with fabric & threads began when I was a little girl, & I learned how to embroider. I had seen table covers & doilies that my Mom had from her Mom & Grandma, & I felt such a sense of belonging as I was also learning to do the variety of pretty stitches. I could sit & stitch for hours!

... Then there were the beautiful patchwork quilts that my Grandmas had made that Mom kept on the higher shelves in the linen closet. The quilts were saved for 'special' occasions... when snuggling & comfort was especially needed.

After 22 years working in the architecture, design and teaching fields, Brenda decided to follow her own design dreams and started Acorn Quilt & Gift Company. She first focused on quilts, & over the years has added designs reflecting her love of embroidery & counted cross stitch under 'Brenda Riddle Designs'.

Brenda majored in environmental & graphic design and has worked in the interior design field. She now lives in Oro Valley, Arizona, where she loves to spend much of her free time designing quilts and needlework, & designing fabrics for Moda(!).

"I love to bring to my designs my "little acorn" philosophy - "from little acorns... mighty oaks grow", meaning that every project is essentially accomplished in the same manner - no matter how simple or complicated - it is simply taking those little steps, that adds up to our true 'works of heart'."

INSPIRED
Inspired by the beauty of the English countryside, Windermere is named after the largest lake in England found in the area called the Lake District. The colors for this line reflect the hues that fill your eyes on your walk along the paths & along the shoreline. Colors such as lake, sky, clover, blossom, cobblestone, soft yellow & linen white... Colors of the outdoors, fresh, but with a slightly aged & softened look for your home & projects you will treasure for years to come.

So Stashable!
