BIG SKY

Annie Brady

Annie Brady's first collection for Moda Fabrics is a journey into the Montana wild. Out past the urban cityscape, the sky opens up and seems to go on forever. There are mountains and forests, deep valleys and rivers... it's a place where animals and nature reign. There are no cars or people, but it's far from quiet as the forest has its own kind of language. Listen closely to the sounds, of bear, moose and buffalo, of birdsong and the wind in the trees, The rush of the water and the sound of leaves and stone underfoot... breathe it all in. This is Big Sky Country.
