2019 MARCH COLLECTION

My Redwork Garden

by Bunny Hill Designs

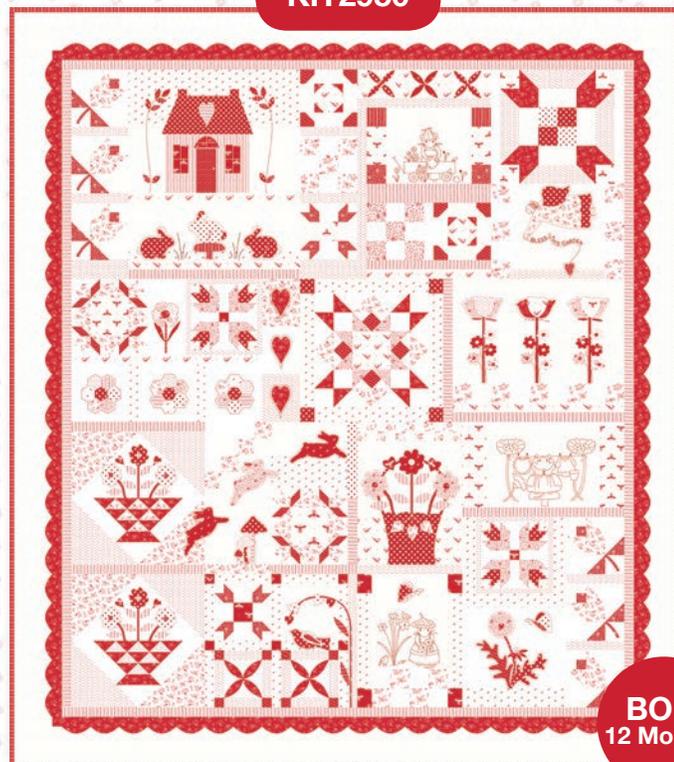

With classic colors, and a charming, fresh look, My Redwork Garden is the perfect collection for so many projects! From romantic to modern country, these fabrics are fun and sure to become an essential in your shop.

Offer a sampler quilt with piecing, applique, and embroidery, or inspire your customers with mini quilts that group together for a wonderful display of wall art. Try our cross stitch mini for a classic stitchery, decorate a table with our Jelly Roll table topper, tuck a few cottages on a shelf, and add a chicken pincushion for the perfect finish.

Designed for fun, I hope your customers love this collection. Take a walk through my garden, and you'll be glad you did!
