

# Magic Dot *Lella Boutique*

Anna Kendrick says, "You can't have a bad day in polka dots." Quilts everywhere agree, and I love incorporating them into my collections. My favorite dots are dainty and varicolored – and have a knack for flying off shelves too quickly. That's why I'm excited to bring back the most popular combos of Magic Dot, along with a few new crush-worthy colors. Not only are they a perfect complement to your stash as a blender – they also love to stand in the spotlight when combined together. Mix and match your favorites for a dazzling Lella Boutique rainbow in all your creations.
